Vamos conhecer quatro importantes artistas negros:

1. **Jean Michel Basquiat** was an American artist with Haitian and Puerto Rican roots. He used social commentary in his artworks as a tool for introspection and for identifying with his experiences in the black community, and attacks on power structures and systems of racism.
2. **Kara Walker** is an American contemporary painter, silhouettist, print-maker, installation artist who explores race, gender, and identity in her artwork. She is best known for her room-size tableaux of black cut-paper silhouettes.
3. **Gordon Parks** was an American photographer, musician, writer and film director, who became prominent in U.S. photojournalism in the 1940s through 1970s — particularly in issues of civil rights, poverty and African Americans.
4. **Kehinde Wiley** is an American portrait painter based in New York City, who is known for his highly naturalistic paintings of black people. He was commissioned in 2017 to paint a portrait of former President Barack Obama for the Smithsonian National Portrait Gallery.
